Crazy Quilt Workshop

"Crazy Quilting" is the creative textile art of patchwork with seams and patches embellished either in a randomly or organized purposeful manner. Crazy quilts may combine interesting or memorable pieces of fabric from cotton, velvets, silks etc., as well as the addition of an array of embellishments. Since the design is considered free-formed, quilts employ much smaller and more irregular shaped pieces of fabric. This feature allows for stash busting or the careful creation of memory quilts.

Level: Beginner to advanced

Date: Saturday March 24th, 2018

Saturday April 14th, 2018
